

PSYCHOLOGICAL TRAUMA IN THE ICU: THE HEALING POWER OF RELATIONSHIPS

JUNE 10, 2022, 10-11AM EST

HOSPITAL, HEALTH & ADDICTION WORKERS, PATIENTS AND FAMILIES WORK GROUP
(est. by 14 doctors/American Psychological Association)

Maureen O'Reilly-Landry, PhD

Teaching faculty, New York University Postdoctoral Program in Psychotherapy and Psychoanalysis ;Assistant Clinical Professor of Medical Psychology (in Psychiatry), Columbia University Irving Medical Center";Editor, A Psychodynamic Understanding of Modern Medicine; Co-chair, Hospital, Health & Addiction Workers, Patients & Families working group, COVID Psychology Task Force; Chair, Psychoanalysis & Healthcare, Society for Psychoanalysis and Psychoanalytic Psychology (Div. 39), American Psychological Association

Denise Carballea, M.S., CBIS

Graduate Student, Albizu University

The Intensive Care Unit is highly stressful for patients, families and staff. COVID-19 brought with it an additional stressor: forced separation of patient from loved ones, which in turn increases burdens on staff. Interpersonal approaches to mitigating ICU trauma in families and staff will be explored.
