### Featuring:

**Ellen Morehouse, LCSW, CASAC, CPP**, is Executive Director and Founder, Student Assistance Services Corporation, Tarrytown, NY, creator of Project SUCCESS and Residential Student Assistance Program, two evidence-based programs providing substance use prevention and early intervention within the school setting and in residential youth facilities. Both programs are highly rated by the National Registry of Evidence-based Programs and Practices and prevention and early intervention Programs and Practices (NREPP).

She has provided training and consultation to national and state agencies, school districts, colleges, parent and community groups, and professionals on a wide variety of substance use issues. She is a board member of National Association for Children of Addiction (NACoA) and Alcoholism and Substance Abuse Providers of New York (ASAPNY) – Prevention Committee Co-Chair. Author of 19 peer-reviewed articles. More information is available at: [www.sascorp.org](http://www.sascorp.org)

**Patricia O’Gorman, Ph.D.**, is co-chair (with Maureen O'Reilly-Landry, Ph.D.) of the Healthcare and Addiction working group that is sponsoring this webinar.

She is a Trauma, Addiction and Recovery Psychologist with a virtual practice, Resiliency Coach, Speaker, Author, Consultant, author of 9 books and over 70 articles on resilience, trauma, women, and addiction recovery including:

[The Resilient Woman](#); [Healing Trauma Through Self-Parenting](#), on the Board of [Sober St. Patrick’s Day](#). She led national efforts as a former Director of the Division of Prevention for the [National Institute on Alcohol Abuse and Alcoholism \(NIAAA\)](#), focusing on high-risk groups, and cofounded [The National Association for Children of Addiction](#). More information is available at: [PatriciaOGorman.com](http://PatriciaOGorman.com)

### ABOUT THE TALK:

*Growing up with parents, other loved ones, and/or caretakers who have a substance use disorder increase the risk for youth substance use and mental health disorders. Clinical and programmatic strategies that can be used to reduce these risks in a post-Covid environment will be discussed.*
